__________________________________________/

ADMINISTRATIVE COMPLAINT

COMES NOW, Petitioner, Department of Health, by and through its undersigned counsel, and files this Administrative Complaint before the Board of Chiropractic Medicine against Respondent, FRED C. BLUMENFELD, D.C., and in support thereof alleges:

1. Petitioner is the state department charged with regulating the practice of chiropractic medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 460, Florida Statutes.

2. At all times material to this order, Respondent was licensed to practice chiropractic medicine in the State of Florida, having been issued license number CH 2686 on or about October 7, 1977.

3. Respondent's address of record is 4676 Okeechobee Boulevard, West Palm Beach, Florida, 33417-4624.
4. Respondent placed a website advertisement, including a posting on LowerBackpainSolutions.com that was visible on or about January 11, 2008, offering a free report about a space age discovery for the treatment of low back pain.

5. The advertisement indicated his office offered treatment utilizing the DRX 9000 system, and offered a free consultation regarding the DRX 9000. The advertisement did not have in capital letters the following statement: "THE PATIENT AND ANY OTHER PERSON RESPONSIBLE FOR PAYMENT HAS A RIGHT TO REFUSE TO PAY, CANCEL PAYMENT, OR BE REIMBURSED FOR PAYMENT FOR ANY OTHER SERVICE, EXAMINATION, OR TREATMENT THAT IS PERFORMED AS A RESULT OF AND WITHIN 72 HOURS OF RESPONDING TO THE ADVERTISEMENT FOR THE FREE, DISCOUNTED FEE, OR REDUCED FEE SERVICE, EXAMINATION, OR TREATMENT." Instead, the disclaimer was not capitalized.

6. The DRX 9000 system provides a program of treatments for relief from pain for those suffering from low back pain. Each treatment consists of a physician prescribed treatment period on the DRX 9000 system and is designed to provide static, intermittent, and cycling distraction forces to relieve pressures on structures that may be causing low back pain.

7. The Respondent's advertisement indicated that the DRX 9000 system was FDA approved.

8. The Food and Drug Administration has "cleared" the DRX 9000 but has not "approved" the DRX 9000.
9. Respondent advertisement indicated that the DRX 9000 is 86% or 89% effective in reducing or eliminating chronic pain.

10. Respondent's claim that the DRX9000 is 86% or 89% effective is misleading. For instance, Respondent's claim is based on proprietary studies which did not have control groups and which involved the application of multiple treatment modalities to each patient.

11. The Respondent's advertisement includes the following statements:

   a. Thousands of former back pain sufferers are calling non-surgical spinal decompression the 'eighth wonder of the world.' (emphasis in original)
   b. This "new medical breakthrough, developed by former NASA scientists" (emphasis in original)
   c. Calls the DRX-9000 new technology
   d. Under the heading of "How Space Travel Cures Back Pain," the advertisement states that astronauts that had a history of back pain would come back and no longer suffer from recurrent episodes, so NASA did what they were good at ... they investigated this new phenomenon.

   **Count One**

12. Petitioner re-alleges and incorporates paragraphs one (1) through four (4) and six (6) through eleven (11) as if set forth fully herein.

13. Section 460.413(1)(d), Florida Statutes (2007), subjects a chiropractic physician to discipline for false, deceptive or misleading advertising.

14. Rule 64B2-15.001(1)(c), Florida Administrative Code (F.A.C.), states that any advertisement shall be deemed by the Board to be false, deceptive or misleading if it creates false, or unjustified expectations of beneficial treatment or successful cures.
18. Based upon the forgoing, the Respondent has violated Section 460.413(1)(d), Florida Statutes (2007), by disseminating false, deceptive, or misleading advertising.

Count Two

19. Petitioner re-alleges and incorporates paragraphs one (1) through four (4) as if set forth fully herein.

20. Section 460.413(1)(ff), Florida Statutes (2007), provides that violating any provision of Chapter 456 Florida Statutes is grounds for disciplinary action by the Board of Chiropractic Medicine.

21. Section 456.062, Florida Statutes (2007), states in relevant part:

In any advertisement for a free, discounted fee, or reduced fee service, examination, or treatment by a health care practitioner licensed under ... chapter 460 ... or chapter 491, the following statement shall appear in capital letters clearly distinguishable from the rest of the text: THE PATIENT AND ANY OTHER PERSON RESPONSIBLE FOR PAYMENT HAS A RIGHT TO REFUSE TO PAY, CANCEL PAYMENT, OR BE REIMBURSED FOR PAYMENT FOR ANY OTHER SERVICE, EXAMINATION, OR TREATMENT THAT IS PERFORMED AS A RESULT OF AND WITHIN 72 HOURS OF RESPONDING TO THE ADVERTISEMENT FOR THE FREE, DISCOUNTED FEE, OR REDUCED FEE SERVICE, EXAMINATION, OR TREATMENT. (Emphasis added.)

22. Section 456.062, Florida Statutes (2007), explicitly requires that in any advertisement for a free, discounted fee, or reduced fee service, examination, or treatment by a chiropractic physician, the disclaimer listed in the statute must appear in capital letters.
15. Respondent's advertisement created false or unjustified expectations of beneficial treatment or successful cures in one or more of the following ways:

a. When Respondent's advertisement indicated that DRX 9000 system was FDA approved instead of FDA cleared; or

b. When Respondent's advertisement indicated that the DRX 9000 system was 86% or 89% effective; or

c. When Respondent's advertisement indicated that DRX-9000 treatment resulted from NASA discoveries when, in fact, NASA discoveries had no relationship with the DRX-9000; or

d. When the Respondent's advertisement called the DRX-9000 new technology or a new medical breakthrough, when instead it was similar to preexisting devices as evidenced by the FDA clearance.

16. Rule 64B2-15.001(2) (b), F.A.C. (2007) prohibits a chiropractor from disseminating or causing to be disseminated any advertisement or advertising which is in any way fraudulent, false, deceptive, or misleading. Any advertisement or advertising shall be deemed by the Board to be fraudulent, false, deceptive, or misleading when in its content or in the context in which it is presented it makes only partial disclosure of relevant facts.

17. Respondent's advertisement only made a partial disclosure of relevant facts when Respondent acted in one or more of the following ways:

a. When the Respondent failed to disclose that the alleged 86% or 89% success rate is based on proprietary studies without control groups; or

b. When the Respondent failed to disclose that there were different modalities used during the course of the studies; or

c. When the Respondent failed to disclose that the DRX 9000 was not developed by or associated with NASA; or

d. When the Respondent advertised that the discovery of the treatment was as the result of a medical breakthrough.
by failing to include the required capitalized disclaimer language in advertisement for free and discounted services.

WHEREFORE, the Petitioner respectfully requests that the Board of Chiropractic Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.
