Respondent.

Case No. 08 2006 175011
OAH No. N-2007060582

STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the
above-entitled proceedings that the following matters are true:

PARTIES

1. Barbara Johnston (Complainant) is the Executive Director of the Medical
Board of California. She brought this action solely in her official capacity and is represented in
this matter by Edmund G. Brown Jr., Attorney General of the State of California, by Jennevee H.
de Guzman, Deputy Attorney General.

2. Patrick Golden, MD (Respondent) is represented in this proceeding by
attorney Lawrence E. Wayte, Esq., whose address is McCormick Barstow LLP, 5 River Park
Place East, Fresno, California 93720.
3. On or about November 21, 1983, the Medical Board of California issued Physician and Surgeon's Certificate No. G51665 to Patrick Golden, MD (Respondent). The Physician and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in First Amended Accusation No. 08 2006 175011 and will expire on March 31, 2009, unless renewed.

JURISDICTION

4. First Amended Accusation No. 08 2006 175011 was filed before the Division of Medical Quality (Medical Board of California) for the Medical Board of California, Department of Consumer Affairs, and is currently pending against Respondent. The First Amended Accusation and all other statutorily required documents were properly served on Respondent on or about October 3, 2007, and a copy of First Amended Accusation No. 08 2006 175011 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

5. Respondent has carefully read, discussed with counsel, and fully understands the charges and allegations in First Amended Accusation No. 08 2006 175011. Respondent has also carefully read, discussed with counsel, and fully understands the effects of this Stipulated Settlement and Disciplinary Order.

6. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the First Amended Accusation; the right to be represented by counsel at his own expense; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

7. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

///

///
CULPABILITY

8. Respondent admits the truth of each and every charge and allegation in First Amended Accusation No. 08 2006 175011.

9. Respondent agrees that his Physician and Surgeon's Certificate is subject to discipline and he agrees to be bound by the Division of Medical Quality (Medical Board of California)'s imposition of discipline as set forth in the Disciplinary Order below.

CONTINGENCY

10. This stipulation shall be subject to approval by the Division of Medical Quality. Respondent understands and agrees that counsel for Complainant and the staff of the Medical Board of California may communicate directly with the Medical Board of California regarding this stipulation and settlement, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Medical Board of California considers and acts upon it. If the Medical Board of California fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Medical Board of California shall not be disqualified from further action by having considered this matter.

OTHER MATTERS

11. The parties understand and agree that facsimile copies of this Stipulated Settlement and Disciplinary Order, including facsimile signatures thereto, shall have the same force and effect as the originals.

DISCIPLINARY ORDER

In consideration of the foregoing admissions and stipulations, the parties agree that the Medical Board of California may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

///

///
IT IS HEREBY ORDERED that Physician and Surgeon’s Certificate No. G51665 issued to Respondent Patrick Golden, MD (Respondent) is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions.

1. PRESCRIBING PRACTICES COURSE  Within 60 calendar days of the effective date of this Decision, respondent shall enroll in a course in prescribing practices, at his expense, approved in advance by the Division or its designee. Failure to successfully complete the course during the first 6 months of probation is a violation of probation.

A prescribing practices course taken after the acts that gave rise to the charges in the First Amended Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Division or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Division or its designee had the course been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Division or its designee not later than 15 calendar days after successfully completing the course, or not later than 15 calendar days after the effective date of the Decision, whichever is later.

2. CLINICAL TRAINING PROGRAM  Within 60 calendar days of the effective date of this Decision, respondent shall enroll in a clinical training or educational program equivalent to the Physician Assessment and Clinical Education Program (PACE) offered at the University of California - San Diego School of Medicine (“Program”).

The Program shall consist of a Comprehensive Assessment program comprised of a two-day assessment of respondent’s physical and mental health; basic clinical and communication skills common to all clinicians; and medical knowledge, skill and judgment pertaining to respondent’s specialty or sub-specialty, and at minimum, a 40 hour program of clinical education in the area of practice in which respondent was alleged to be deficient and which takes into account data obtained from the assessment, Decision(s), Accusation(s), and any other information that the Division or its designee deems relevant. Respondent shall pay all expenses associated with the clinical training program.
Based on respondent’s performance and test results in the assessment and clinical education, the Program will advise the Division or its designee of its recommendation(s) for the scope and length of any additional educational or clinical training, treatment for any medical condition, treatment for any psychological condition, or anything else affecting respondent’s practice of medicine. Respondent shall comply with Program recommendations.

At the completion of any additional educational or clinical training, respondent shall submit to and pass an examination. The Program’s determination whether or not respondent passed the examination or successfully completed the Program shall be binding.

Respondent shall complete the Program not later than six months after respondent’s initial enrollment unless the Division or its designee agrees in writing to a later time for completion.

Failure to participate in and complete successfully all phases of the clinical training program outlined above is a violation of probation.

3. **MONITORING - PRACTICE/BILLING** Within 30 calendar days of the effective date of this Decision, respondent shall submit to the Division or its designee for prior approval as a practice monitor, the name and qualifications of one or more licensed physicians and surgeons whose licenses are valid and in good standing, and who are preferably American Board of Medical Specialties (ABMS) certified. A monitor shall have no prior or current business or personal relationship with respondent, or other relationship that could reasonably be expected to compromise the ability of the monitor to render fair and unbiased reports to the Division, including, but not limited to, any form of bartering, shall be in respondent’s field of practice, and must agree to serve as respondent’s monitor. Respondent shall pay all monitoring costs.

The Division or its designee shall provide the approved monitor with copies of the Decision(s) and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a signed statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor
disagrees with the proposed monitoring plan, the monitor shall submit a revised monitoring plan
with the signed statement.

Within 60 calendar days of the effective date of this Decision, and continuing
throughout probation, respondent’s practice shall be monitored by the approved monitor.
Respondent shall make all records available for immediate inspection and copying on the
premises by the monitor at all times during business hours, and shall retain the records for the
entire term of probation.

The monitor shall submit a quarterly written report to the Division or its designee
which includes an evaluation of respondent’s performance, indicating whether respondent’s
practices are within the standards of practice of medicine or billing, or both, and whether
respondent is practicing medicine safely, billing appropriately or both.

It shall be the sole responsibility of respondent to ensure that the monitor submits
the quarterly written reports to the Division or its designee within 10 calendar days after the end
of the preceding quarter.

If the monitor resigns or is no longer available, respondent shall, within 5 calendar
days of such resignation or unavailability, submit to the Division or its designee, for prior
approval, the name and qualifications of a replacement monitor who will be assuming that
responsibility within 15 calendar days. If respondent fails to obtain approval of a replacement
monitor within 60 days of the resignation or unavailability of the monitor, respondent shall be
suspended from the practice of medicine until a replacement monitor is approved and prepared to
assume immediate monitoring responsibility. Respondent shall cease the practice of medicine
within 3 calendar days after being so notified by the Division or designee.

In lieu of a monitor, respondent may participate in a professional enhancement
program equivalent to the one offered by the Physician Assessment and Clinical Education
Program at the University of California, San Diego School of Medicine, that includes, at
minimum, quarterly chart review, semi-annual practice assessment, and semi-annual review of
professional growth and education. Respondent shall participate in the professional enhancement
program at respondent’s expense during the term of probation.
Failure to maintain all records, or to make all appropriate records available for immediate inspection and copying on the premises, or to comply with this condition as outlined above is a violation of probation.

4. **OBEY ALL LAWS** Respondent shall obey all federal, state and local laws, all rules governing the practice of medicine in California, and remain in full compliance with any court ordered criminal probation, payments and other orders.

5. **QUARTERLY DECLARATIONS** Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Division, stating whether there has been compliance with all the conditions of probation. Respondent shall submit quarterly declarations not later than 10 calendar days after the end of the preceding quarter.

6. **PROBATION UNIT COMPLIANCE** Respondent shall comply with the Division's probation unit. Respondent shall, at all times, keep the Division informed of respondent's business and residence addresses. Changes of such addresses shall be immediately communicated in writing to the Division or its designee. Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021(b).

   Respondent shall not engage in the practice of medicine in respondent's place of residence. Respondent shall maintain a current and renewed California physician's and surgeon's license.

   Respondent shall immediately inform the Division, or its designee, in writing, of travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than 30 calendar days.

7. **INTERVIEW WITH THE DIVISION, OR ITS DESIGNEE** Respondent shall be available in person for interviews either at respondent's place of business or at the probation unit office, with the Division or its designee, upon request at various intervals, and either with or without prior notice throughout the term of probation.

8. **RESIDING OR PRACTICING OUT-OF-STATE** In the event respondent should leave the State of California to reside or to practice, he shall notify the Division or its
designee in writing 30 calendar days prior to the dates of departure and return. Non-practice is
defined as any period of time exceeding 30 calendar days in which respondent is not engaging in
any activities defined in Sections 2051 and 2052 of the Business and Professions Code.

All time spent in an intensive training program outside the State of California
which has been approved by the Division or its designee shall be considered as time spent in the
practice of medicine within the State. A Board-ordered suspension of practice shall not be
considered as a period of non-practice. Periods of temporary or permanent residence or practice
outside California will not apply to the reduction of the probationary term. Periods of temporary
or permanent residence or practice outside California will relieve respondent of the responsibility
to comply with the probationary terms and conditions with the exception of this condition and
the following terms and conditions of probation: Obey All Laws; Probation Unit Compliance;
and Cost Recovery.

Respondent's license shall be automatically canceled if respondent's periods of
temporary or permanent residence or practice outside California total two years. However,
respondent's license shall not be canceled as long as respondent is residing and practicing
medicine in another state of the United States and is on active probation with the medical
licensing authority of that state, in which case the two year period shall begin on the date
probation is completed or terminated in that state.

9. **FAILURE TO PRACTICE MEDICINE - CALIFORNIA RESIDENT**

In the event respondent resides in the State of California and for any reason
respondent stops practicing medicine in California, respondent shall notify the Division or its
designee in writing within 30 calendar days prior to the dates of non-practice and return to
practice. Any period of non-practice within California, as defined in this condition, will not
apply to the reduction of the probationary term and does not relieve respondent of the
responsibility to comply with the terms and conditions of probation. Non-practice is defined as
any period of time exceeding 30 calendar days in which respondent is not engaging in any
activities defined in sections 2051 and 2052 of the Business and Professions Code.

All time spent in an intensive training program which has been approved by the
Division or its designee shall be considered time spent in the practice of medicine. For purposes of this condition, non-practice due to a Board-ordered suspension or in compliance with any other condition of probation, shall not be considered a period of non-practice.

Respondent's license shall be automatically canceled if respondent resides in California and for a total of two years, fails to engage in California in any of the activities described in Business and Professions Code sections 2051 and 2052.

10. **COMPLETION OF PROBATION** Respondent shall comply with all financial obligations (e.g., cost recovery, restitution, probation costs) not later than 120 calendar days prior to the completion of probation. Upon successful completion of probation, respondent's certificate shall be fully restored.

11. **VIOLATION OF PROBATION** Failure to fully comply with any term or condition of probation is a violation of probation. If respondent violates probation in any respect, the Division, after giving respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, Petition to Revoke Probation, or an Interim Suspension Order is filed against respondent during probation, the Division shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

12. **LICENSE SURRENDER** Following the effective date of this Decision, if respondent ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the terms and conditions of probation, respondent may request the voluntary surrender of respondent's license. The Division reserves the right to evaluate respondent's request and to exercise its discretion whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, respondent shall within 15 calendar days deliver respondent's wallet and wall certificate to the Division or its designee and respondent shall no longer practice medicine. Respondent will no longer be subject to the terms and conditions of probation and the surrender of respondent's license shall be deemed disciplinary action. If respondent re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.
13. **PROBATION MONITORING COSTS** Respondent shall pay the costs associated with probation monitoring each and every year of probation as designated by the Division, which are currently set at $3,175.00, but may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Division or its designee no later than January 31 of each calendar year. Failure to pay costs within 30 calendar days of the due date is a violation of probation.

**ACCEPTANCE**

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney, Lawrence E. Wayte, Esq. I understand the stipulation and the effect it will have on my Physician and Surgeon's Certificate. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Division of Medical Quality, Medical Board of California.

Case No. 08-2006-175011

Parties

1. Barbara Johnston (Complainant) brings this First Amended Accusation solely in her official capacity as the Executive Director of the Medical Board of California,

Department of Consumer Affairs.

2. On or about November 21, 1983, the Medical Board of California issued Physician and Surgeon's Certificate No. G51665 to Patrick Golden, M.D. (Respondent). The Physician and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought herein and will expire on March 31, 2009, unless renewed.
JURISDICTION

3. This First Amended Accusation is brought before the Division of Medical Quality for the Medical Board of California, Department of Consumer Affairs (Medical Board of California), under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 2227 of the Code provides that a licensee who is found guilty under the Medical Practice Act may have his or her license revoked, suspended for a period not to exceed one year, placed on probation and required to pay the costs of probation monitoring, or such other action taken in relation to discipline as the Division deems proper.

5. Section 2234 of the Code states:

"The Division of Medical Quality shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

***

"(b) Gross negligence."

6. Section 2004 of the Code states:

"The Division of Medical Quality shall have the responsibility for the following:

"(a) The enforcement of the disciplinary and criminal provisions of the Medical Practice Act.

"(b) The administration and hearing of disciplinary actions.

"(c) Carrying out disciplinary actions appropriate to findings made by a medical quality review committee, the division, or an administrative law judge.

"(d) Suspending, revoking, or otherwise limiting certificates after the conclusion of disciplinary actions.

"(e) Reviewing the quality of medical practice carried out by physician and surgeon certificate holders under the jurisdiction of the board."

CAUSE FOR DISCIPLINE
(Gross Negligence)
[Bus. & Prof. Code, § 2234(b)]

7. Respondent is subject to disciplinary action under section 2234,
subdivision (b), of the Code in that he was grossly negligent in his care of patient A.B. The circumstances are as follows:

8. A.B. was under respondent’s care from approximately April 28, 1992, through April 21, 2005. In 1995, A.B. was diagnosed with atrial fibrillation.

9. In August 2004, A.B. was first noted to have trouble finishing her sentences.

10. On October 26, 2004, a CT scan demonstrated a 2.8 cm hematoma in the right occipitoparietal lobe. Interventricular hemorrhage was also noted and some small lacunar infarcts were present in the right cerebellar lobe. Small cerebral infarcts were also evident. A.B. took aspirin for her neurologic condition.

11. On December 31, 2004, A.B. was re-admitted to the hospital by Alan Birnbaum, M.D. due to her complaints of confusion. A repeat CT scan of her head revealed the presence of lacunar infarcts. Encephalomalacia of the right parietooccipital lobe at the site of the previous hemorrhage were also present.

12. In January 2005, respondent prescribed aspirin and Plavix, both blood thinning medications, to A.B. In April 2005, respondent added Coumadin, another blood thinning medication, to her regimen of medication.

13. On April 11, 2005, A.B. saw respondent at an office visit with complaints of disorientation and confusion. Respondent ordered A.B. to be admitted to the hospital, but did not order a neurological examination. A.B. was instructed to have her prothrombin time checked in two weeks. At this time, A.B. continued with her regimen of medication, including aspirin, Plavix, and Coumadin.

1. The patient’s name is abbreviated herein to protect patient confidentiality. The patient’s full name and medical records will be provided upon receipt of a properly executed and served Request for Discovery.
14. A.B. had also been taking Gingko, an herbal remedy, and respondent was aware of this.

15. A.B. again saw respondent following her hospital discharge on April 21, 2005. He advised her to continue on her current regimen of medication, including the combination of Coumadin, Plavix, and aspirin when her prothrombin result was 20.5 with an INR of 2.1. Respondent did not perform a neurologic re-evaluation of A.B, i.e., no follow up on prothrombin time, no follow up treatment, no consultation with a neurologist.

16. On April 27, 2005, A.B. was taken to the hospital where she complained of weakness, collapsed, and lost consciousness. A.B. was then taken to the emergency room, where she was found to have a large intracranial hemorrhage with a small left subdural hematoma. A.B. fell into a coma and expired on this same date.

17. Respondent’s placement of A.B. on anticoagulant therapy when there were contraindications to such therapy, i.e., evidence of interventricular hemorrhage as well as hemorrhage into the occipitoparietal lobe, and without adequate consultation with a neurologist constitutes gross negligence.
PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Division of Medical Quality issue a decision:

1. Revoking or suspending Physician and Surgeon's Certificate No. G51665, issued to Patrick Golden, M.D.;

2. Revoking, suspending or denying approval of Patrick Golden, M.D.'s authority to supervise physician's assistants, pursuant to section 3527 of the Code;

3. Ordering Patrick Golden, M.D. to pay the Division of Medical Quality, if placed on probation, the costs of probation monitoring; and

4. Taking such other and further action as deemed necessary and proper.
