Petition No. 921229-01-142

CONSENT ORDER

William E. Shevin, M.D. of Woodstock, Connecticut (hereinafter "respondent") has been issued license number 021770 to practice medicine and surgery by the Department of Public Health and Addiction Services (hereinafter "the Department") pursuant to Chapter 370 of the General Statutes of Connecticut, as amended.

WHEREAS, the Department has concluded an investigation of respondent's ability to practice medicine and surgery with reasonable skill and safety by reason of negligence, incompetence and/or by reason of emotional disorder and,

WHEREAS, respondent admits the following:

1. Respondent holds licensure as a physician and surgeon, as well as a homeopathic physician in the State of Connecticut;
2. Respondent suffers from an emotional disorder which may prevent him from practicing medicine and surgery with reasonable skill and safety;
3. Respondent has no formal training in the field of psychiatry or psychotherapy;
4. Respondent treated patient J.B. from approximately 1986 through 1992;

5. Respondent treated patient M.J. from approximately January 1991 to August 1992;
6. During the course of such treatment with M.J. and J.B., respondent:
 - (a) inappropriately engaged in psychotherapy with said patients; and,
 - (b) violated said patients' confidentiality.
7. The conduct set forth above constitutes violations of Connecticut General Statutes §20-13c(4).

WHEREAS, the Department also makes the following allegations against respondent which he does not admit:

- (a) Respondent discouraged said patients from seeking the services of other psychotherapists or medical professionals when needed;
- (b) Respondent inappropriately prescribed medications for said patients;
- (c) Respondent failed to diagnose said patients' illnesses and/or refer them to other treating physicians when needed; and,
- (d) Respondent violated boundaries with said patients.
- (e) The conditions and conduct set forth above constitute violations of Connecticut General Statutes §20-13c(2), (4), and/or (5).

WHEREAS, the respondent denies said allegations as follows:

- (a) He did make referrals of said patients to psychotherapists and/or medical professionals and encouraged their relationships with such

professionals as is documented repeatedly in the medical records of said patients.

- (b) His prescribing for said patients was justified and appropriate given each individual's clinical picture as can be demonstrated by an evaluation of the patients' medical and prescription records.
- (c) As documented in the patients' records, he did properly diagnose, or refer to appropriate specialists for diagnosis, the medical conditions presented to him.
- (d) He recognized that he had, on occasion, given his lack of formal training in the fields of psychiatry or psychotherapy, exceeded boundaries with said patients, and took appropriate steps thereafter to obtain appropriate guidance for the setting of proper boundaries and to observe such boundaries.
- (e) He therefore denies violating Connecticut General Statutes 20-13c(2), (4) and/or (5).

WHEREAS, respondent desires to settle this matter without the need for a formal evidentiary hearing before the Connecticut Medical Examining Board (hereinafter "the Board").

WHEREAS, respondent's license to practice medicine and surgery was summarily suspended by the Board on or about May 18, 1993.

NOW THEREFORE, pursuant to §19a-17, and §20-13c of the General Statutes of Connecticut, as amended, William E. Shevin, M.D., hereby stipulates and agrees to the following:

1. Respondent waives his right to a hearing on the merits of this matter before the Board.
2. Respondent in consideration of this CONSENT ORDER agrees not to contest any of the allegations of the Department as set forth above at a hearing before the Board. Respondent further agrees that all of the allegations shall be deemed true for the purposes of any future proceedings in which (1) his compliance with the terms of this CONSENT ORDER and/or (2) his compliance with Connecticut General Statutes §20-13c, is at issue. He further agrees that this CONSENT ORDER shall constitute proof of such allegations in any such future proceedings.
3. Respondent's license number 021770 to practice medicine and surgery in Connecticut is hereby reinstated by the Board and placed on probation for a period of five (5) years under the following terms and conditions:
 - A. He shall continue to engage in psychotherapy at his own expense with a licensed psychiatrist or psychologist (hereinafter "therapist") approved by the Department. Said therapist shall be Joseph Cambray, Ph.D., 94 Waterman Street, Providence, Rhode Island.
 - B. He shall provide a copy of this CONSENT ORDER to his therapist.
 - C. He shall attend a minimum of one (1) treatment session per week with his therapist.

writing, and the Department shall pre-approve any termination of therapy, reduction in frequency of sessions, or transfer of respondent to another therapist.

E. His therapist shall immediately notify the Department in writing of respondent's discontinuation of treatment, transfer and/or termination of his or her services. 5. Respondent shall not engage in the solo practice of medicine and any employment and/or change in employment shall be pre-approved by the Department.
6. Respondent shall have a female staff person present at all times during the physical examination of all female patients. Said person shall document in each patient's medical record that she was present during said examination. He shall forward to the Department the name and address of said person along with this executed CONSENT ORDER.
7. Respondent shall provide a copy of this CONSENT ORDER to his employer, partners, Chief of Service and/or supervisor at all hospitals, clinics, or other institutions where he practices, is affiliated or has privileges.
8. Respondent's practice shall be supervised at all times by a licensed physician pre-approved by the Department. He shall forward to the Department the name and address of said physician along with this executed CONSENT ORDER.
9. Respondent's supervisor shall meet with respondent not less than once every two weeks to review a minimum of 15 or 30% of respondent's patient records, whichever is greater, including but not limited to patient referrals to other treating professionals and all of respondent's orders and prescriptions for patient medications. If respondent has fewer than 15 patients, his supervisor shall review all of respondent's patient records.
10. The supervisor shall have the right to monitor respondent's practice by any other reasonable means which he or she deems appropriate. Respondent shall fully cooperate with the supervisor in providing such monitoring.

11. Respondent's supervisor shall immediately advise the Department in writing if he or she is unable for any reason to continue providing personal supervision of respondent's practice.

Hartford, CT 06106
15. All reports required by the terms of this CONSENT ORDER shall be due on the tenth business day of each month beginning with the month immediately following the effective date of this CONSENT ORDER.
16. Any alleged violations of this CONSENT ORDER may result in the summary suspension of respondent's license as described in paragraph 17 below, or in the following procedures:

Respondent further agrees that failure to cooperate with

the Department in its investigation during said 45 day period shall constitute grounds for the Department to seek a summary suspension of respondent's license. In any such summary action, respondent stipulates that his failure to cooperate with the Department's investigation shall, as a matter of law, constitute a clear and immediate danger as required pursuant to Connecticut General Statutes, §4-182(c) and §19a-17(c).

18. In the event respondent violates a term of this CONSENT ORDER, said violation may also constitute grounds for the Department to seek a summary suspension of his license before the Board.
19. Any extension of time or grace period for reporting granted by the Department shall not be a waiver or preclude the Department from taking action at a later time. The Department shall not be required to grant future extensions of time or grace periods.
20. Legal notice of any action shall be deemed sufficient if sent to respondent's last known address of record supplied to the Licensure and Renewal Section of the Division of Medical Quality Assurance of the Department.
21. This CONSENT ORDER is effective when and contingent upon the Connecticut Homeopathic Medical Examining Board executing the CONSENT ORDER attached herewith as Exhibit A.
22. This CONSENT ORDER is a matter of public record.
23. This CONSENT ORDER and terms set forth herein are not subject to reconsideration, collateral attack or judicial review under any form or in any forum. Further, this CONSENT ORDER is not subject to appeal or review under the provisions of Chapters 54 and 368a of the General Statutes of Connecticut, provided that this CONSENT ORDER shall not
