Mr. Harold Johnson

[Redacted]

RE: Determination affecting your naturopathic practice.

Dear Mr. Johnson:

Based on my review of the facts and law in this matter, I have determined that you have illegally taken clients' blood, made medical diagnoses, used the title "Dr.", and failed to provide a Client Bill of Rights in your practice as a naturopath in Minnesota in violation of Minnesota Statutes, sections 146A.01, subd. 4(b) and (d), 146A.08, subd. 1(c), (f), (r), (w), and 146A.11. Therefore, I am ordering that you immediately cease taking clients' blood, making medical diagnoses, using the title "Dr" and that you revise your Client Bill of Rights according to staff direction. This action is authorized under Minnesota Statutes, section 146A.09.

You have the right to challenge this decision in a contested-case hearing as provided under Minnesota Statutes, chapter 14. Requests for hearing should be made in writing and include specific grounds for challenging the Department's decision. **FINDINGS OF FACT**

1. Practitioner has been practicing as a Naturopathic practitioner in Minnesota for over 30 years. Practitioner is owner and sole proprietor of both "Whole Health Center" and "Laboratory Research Associates", which are two names for the same business. The business address is [redacted].

2. Practitioner graduated from college in 1951 with a major in Chemistry and took other courses in pharmacy, medical technology, microbiology, and nutrition. Practitioner obtained a Naturopathy degree from Bernean University, Las Vegas, Nevada, in 1972. Practitioner reported he was elected a fellow of the American Association for the Advancement of Science in 1966, and elected a fellow of the American Institute of Chemists in 1973.

3. Practitioner reported he was certified as a Clinical Laboratory Scientist by the National Certification Agency in 1978.

4. Practitioner has regularly taken blood from clients by syringe or with a finger prick, and has made diagnoses for his clients. Practitioner sends blood (serum samples), saliva and stool samples to a laboratory for testing and results. After Practitioner receives the results back, Practitioner reviews the results with his clients and makes diagnoses of medical conditions and recommends treatments utilizing Functional Medicine, which Practitioner describes as an advanced type of nutritional therapy.

5. Practitioner stated that he explains the meaning of test results when they are not within normal ranges. Practitioner stated he does also refer some clients to licensed physicians or other health care providers.

6. Practitioner stated during an in-person interview with the Department on May 27, 2003 that clients might come to see him for a "general checkup" or they may come due to being dissatisfied with their medical doctor because the doctor could not determine what was wrong with them. On practitioner’s "2002 Catalog of Services", practitioner lists one of his services as a "Comprehensive (3 hour) General Checkup", at a cost of $390.00. Practitioner also discusses the client’s current concerns, medical history, and family medical history.
7. Practitioner conducts exams for fibromyalgia, prostate concerns, cataracts, and carpal tunnel syndrome.

8. Practitioner examines a client’s eyes for cataracts using an ophthalmoscope. Practitioner looks for “black spots” which indicate the presence of cataracts. If practitioner observes “very little” cataracts, he might recommend “appropriate sunglasses and nutritional therapy for halting cataract formation”. If a client’s cataracts were extensive, practitioner would refer them for lens surgery.

9. Practitioner uses the title “Dr.” in front of his name on both his business card and letterhead.

10. Prior to October 2002, Practitioner did not use a Client Bill of Rights as required by state law.

CONCLUSION

Practitioner did not comply with the requirements under Minnesota Statutes, sections 146A.01, subd. 4 (b) and (d), 146A.08, subd. 1(e), (w), ( r ), and 146A.11.

Practitioner shall mail the civil penalty to Alan Ditsworth, Investigator, Health Occupations Program, Minnesota Department of Health, P.O. Box 64882, St. Paul, MN 55164-0882. Should Practitioner fail to pay the civil penalty, the Department will refer the matter for collection to the Minnesota Collection Enterprise (MCE) in the Minnesota Department of Revenue, or another source for collection. MCE is authorized by Minnesota Statutes, section 16D.17 to obtain a judgment against Practitioner without further notice or proceedings.
