### MEDICARE PAYS FOR CHELATION IN-OFFICE IV'S

Dr. Charles Adams, MD:

#### MEDICARE PAYS FOR CHELATION IN-OFFICE IV'S

at FULL CIRCLE MEDICAL CENTER off Cloud Springs Rd. exit, in N. Georgia

We have recently become aware of, and accordingly engaged, a billing service that has been working very closely with Medicare, and, has figured out how to legally, ethically, and non-fraudulently bill and be reimbursed for in-office IV therapies. {Chelation, Vitamin C, Hydrogen Peroxide, and others...} As Medicare goes, so do the other little duckies in the pond: BC/BS, Cigna, United, etc.... This change has worked for the past 4-5 years.

**Of interest:** Medicare has compared the group of folks doing in-office IV therapies with those who do not do the same therapies and they have noted that if they are spending "X" for the patients doing in-office IV's, they are spending "10X" for those who DON'T do the in office IV therapies. {They are beginning to like this.}

**All of our modern day bones have 10 to 100 times the levels of Lead** that our pre-industrial revolution ancestors' bones had. There is no such thing as: "A safe level of Lead." **Any** amount of Lead in the body has toxic effects. [ Cardiovascular, nervous system / mental / emotional, cancer risks ]

**Mercury toxicity is as common and is a serious threat to health.** The US coal fired plants put a ton of Mercury in the air each year. The SEC states get an extra ton of Mercury each year from southerly winds originating over, and carrying Mercury emissions from, the agricultural and industrial businesses in Africa and South America.

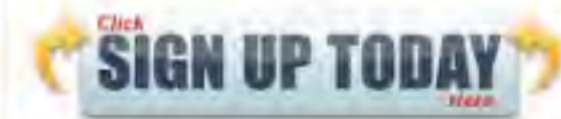

**Charles C. Adams, MD** – <http://www.drprevent.com/> **Full Circle Medical Center - Traditional & Alternative Medicine** Integrative Practitioners & Therapies - MD, ND, FNP, LMT, EMT - Chelation, Plaquex, Vitamin, Mineral, Amino-Acid & IV treatments: Heart, Stroke, Fibromyalgia, Macular Degeneration, Rheumatoid Arthritis, Lyme's, Autism, ADD/ADHD.
